## Middle Frontend Developer

---

I have been actively working in web development since **10/2021** (3+ years of experience), successfully completing 10+ real projects (large/medium). I am currently looking for an experienced team to enhance my technical skills and participate in complex projects with a large number of users. I would be delighted to join your team and contribute to its success

## Experience

---

### Frontend developer

*Tashkent, Uzbekistan*

Technocorp - [technocorp.uz](https://technocorp.uz) [🔗](#)

*Dec 2022 – Present*

- **Technocorp** is a software development IT company that primarily works on government projects. The company specializes in developing CRM, LMS, ERP, E-commerce platforms, websites, and internal information systems.
- At Technocorp, I gained strong experience developing projects using react.js, next.js, typescript, state management, utility react libraries, unit testing, ui libraries, websocket, SEO, analyzing and understanding existing projects code and so on. Additionally, I learned backend technologies such as node.js, express.js. This experience has allowed me to build strong technical skills in Frontend development.

### Frontend Developer Intern

*Tashkent, Uzbekistan*

Technocorp - [technocorp.uz](https://technocorp.uz) [🔗](#)

*Jun 2022 – Nov 2022*

- During my internship, I gained strong experience in working with REST APIs and managing file structures.

### Freelance Frontend Developer

*Tashkent, Uzbekistan*

*Self-Employed*

*Oct 2021 – May 2022*

- During my freelance work, I developed strong theoretical knowledge in javascript (ES6+), react.js and I gained strong experience in solving practical problems using programming languages like javascript and typescript.

## Education

---

### Tashkent University of Information Technologies

*Oct 2020 – Oct 2024*

*Tashkent, Uzbekistan*

- **Bachelor's degree:** [Software Engineering](#) [🔗](#)
- **GPA:** [4.03/5](#) [🔗](#)
- **University website:** [tuit.uz](https://tuit.uz) [🔗](#)
